Career Academies Offer Summer Camps For Middle And High School Students

HCPSS is offering a number of exciting weeklong opportunities for middle and high school students this summer. Career Academies Summer Camps are geared toward students who are interested in learning more about careers in science, technology, engineering, culinary science and business.

Students will explore career areas offered through the Career Academies high school programs, including Biotechnology and Health Services, Multimedia Arts, Automotive Technology, Architecture, Construction Management, Engineering, Career Research and Finance, and Culinary Sciences. HCPSS teachers will staff the camp.

Career Academies Summer Camps will be held from June 22 through June 26, 2009 for middle school students and June 29 through July 2, 2009 for the high school automotive technology camp at the Applications and Research Laboratory (ARL) on Route 108, Ellicott City.

Enrollment is limited on a first come, first served basis. Registration forms are available at middle and high school guidance offices, the Career and Technology Office at ARL, and online at www2.hcpss.org/cte. For more information contact Sally Long, HCPSS Career and Technology Education Office, 410-313-6629.

Continue Your Child's Learning Over The Summer!

Summer school information for pre-K through Grade 12 students is now online. Visit www.hcpss.org/summer to view all student opportunities.
